There is a chance that your insurance company will not pay for the following service(s) described below. Your doctor or other health care provider may recommend you get services more often than your insurance plan does not cover. If this happens, you may have to pay some or all of the costs.

Services to be Received	Reason Insurance May Not Pay	Estimated Cost:
❑ Bone Density Test (DXA) ❑ Vertebral Fracture Assessment (VFA)	❑ Service never paid due to medically unnecessary. ❑ Your diagnosis does not support the need for this service. ❑ Frequency Limitations for Coverage	❑ **$165 + tax**

Although we may not be required by your insurance plan to provide you with this notice, the purpose of this form is to help you make an informed choice about whether you want to receive these service(s) knowing that you may be responsible for the cost.

❑ Yes, I want to receive these service(s), and I want to have my insurance billed.

❑ Yes, I want to receive these service(s), and I do not want my insurance billed. I will pay now.

❑ No, I do not want to receive these service(s).

Most insurance companies may pay for screenings once every 24 months (United Health Care once every 36 months) and follow national guidelines for determining if the test will be covered. You are responsible for checking the coverage requirements of your insurance plan.

I understand that by signing this form, I will be fully responsible for the above estimated cost if I have elected to receive this service(s). I also understand that it is my choice to have these service(s) provided by New Mexico Clinical Research & Osteoporosis Center.
